All applications will be treated with the utmost confidentiality.

Kind regards,

Zoe Williams  
Chief Executive Officer

## Position description

Position:	Agriculture Projects Officer
Employer:	Gulf Savannah NRM
Reports to:	Team Leader Environment
Supervises:	May supervise sub-contractors and support staff in relation to project deliverables
Location:	Mareeba or Georgetown, Queensland.
Classification:	Level 3.1
Employment terms:	Full time or Part time (60-75 hours per fortnight), fixed term to 24 December 2024 (with the possibility of extension)
Salary Range:	Commencing wage \$80,333 per annum full time or \$41.20 per hour.
Contact officer:	Zoe Williams, Chief Executive Officer Phone 0448 680 445

### About this role

The position is required to work as part of the Gulf Savannah NRM team. The Agriculture Projects Officer will manage the effective planning, delivery and monitoring of sustainable agriculture projects and deliver natural resource management support for landholders of the Northern Gulf Region, funded through various government and non-government programs, consistent with achieving the objectives of the Northern Gulf Natural Resource Management Plan.

### Duties of role

To achieve the outcomes required by this role, you must be able to:

- Work within allocated work/project budgets
- Complete required reporting delivered on time and to a satisfactory standard
- Manage planning, delivery and reporting of the Intensive Agriculture projects
- Coordinate and manage all spatial information and mapping services on farms.
- Work with other staff and external partners as necessary and appropriate to ensure projects meet milestones and are delivered on-budget.
- Assist with the preparation of articles, Facebook posts and photos for Gulf Savannah NRM communications products to update the community about Northern Gulf matters as they relate to your work program
- Provide regular reports to the Team Leader and/or Chief Executive Officer on work completed and key activities underway.
- Assist with the preparation of competitive grant funding or sponsorship applications
- Comply with all Gulf Savannah NRM policies and procedures
- Attend Gulf Savannah NRM meetings when requested, including presenting outcomes of the agriculture work program

### Key attributes

Within the context of the duties described above, the ideal applicant will be someone who has the following attributes:

- Knowledge of sustainable agriculture practices and the application of best practice natural resource management to horticultural and agricultural settings.
- Skills and knowledge in grazing management, soil health, pest and weed management, soil and water monitoring.
- High level of computer skills particularly in relation to mapping, data collection and analysis and Microsoft office software
- Experience in program management include monitoring milestones, deliverables and budgets.
- Good communication skills with a particular focus on written communication skills for reporting.

- Excellent time management skills to meet deadlines.
- Willingness to be part of a team and support others.
- Ability to work with minimal supervision.
- Able to undertake field work in remote locations. Must have C class driver's license.

## Qualifications

Degree in Agricultural Science or related field, and relevant experience in agriculture or NRM fieldwork.

## Other requirements

On occasion, Gulf Savannah NRM staff may be required to travel and undertake tasks outside normal work hours. This needs to be approved by the Chief Executive Officer prior to any work being undertaken. Gulf Savannah NRM does not offer paid overtime however a Time off in Lieu Agreement (TOIL) can be entered with the approval of the Chief Executive Officer and prior to being accrued.

It is a standard requirement that successful applicants agree to undertake a pre-employment medical and random drug and alcohol testing when required by Gulf Savannah NRM.

This position has been identified as a public engagement role. The incumbent will be required to comply with Gulf Savannah NRM's Covid-19 Vaccination and Testing policy (available on request).

## Citizenship

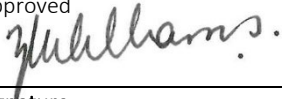

To be appointed you must be an Australian citizen, have permanent residency status or a visa permitting you to work in Australia permanently.
